

MEN OF VALOR INTERNATIONAL
TRAINING LEADERS. REACHING MEN.

Is your church reaching men in the places you care about?

Your church invests around the world. **Don't forget the men!** Men of Valor International can work with you to reach and build men in those countries. MOV has led over 60 conferences in 25 countries; we have a proven model for launching men's discipleship. NOW is the time to empower the men in the communities you care about.

Sponsor an MOV conference where you are already invested.

If we do not reach the men, we will not see strategic, long-term change in families and communities. You can be the difference.

What the jumpstart conference does for your target community:

- ✓ Teaches Biblical manhood, *probably for the first time!*
- ✓ Launches men's discipleship groups.
- ✓ Trains church leaders to reach and build men.
- ✓ Leads to restored marriages and revived families . . . less family counseling . . . growing churches, new churches, and communities impacted for the Gospel!

Sponsor an MOV conference.

Make a difference in the lives of families and communities you care about.

What your men do after the conference:

Pray together for their "adopted" community of men, families, churches and community.

Conduct a quarterly virtual check-in with discipleship group and church leaders.

Provide men's discipleship training and materials.

Lead virtual Bible studies, conduct a follow-up conference or other on-site training, etc.

Benefits to your men and your church:

Spiritual Goals

Men are often not spiritually challenged. Men want a big goal. To do something that matters. Praying, mentoring, encouraging, providing discipleship resources to *men* in another country WILL make a difference.

Maturity in Christ

Your men will mature in Christ. Making a Kingdom impact of this magnitude enhances *their* marriage, family, workplace, community — **and your church!**
